**Looking for a Professional Home Inspector?**

*Listed below are the questions you should ask.*

*Q: How long have you been a full time inspector?*

A: Homeplace Inspections, Inc. was founded in 1993.

*Q: What is your inspection background? (verification may be required.)*

A: Your home inspector must have a residential building background. Don Doty has been a licensed residential builder since 1973. Licensed inspector since 1993.

*Q: Can your inspector answer all questions you might have about possible remodeling projects?*

A: After 28 years of building houses, Don Doty can not only answer all of your questions about remodeling, but he can also give you costs and approximately life expectancy of concerned items.

*Q: Why should your inspector be licensed in different Cities?*

A: Different cities have different inspection requirements. Our inspectors are licensed by all cities requiring licensing and are familiar with their guidelines, to help the buyer, understand that the seller might be responsible for some repairs mandated by individual cities.

*Q: Does your company offer coupons or discounts?*

A: NO. At Homeplace Inspections, Inc., we believe that there is a price for professionalism.

*Q: Is your inspector equipped to inspect roofs and attics?*

A: YES, Your Homeplace Inspector's trucks are equipped with ladders; he will use them in most cases, weather and structure permitting.
